

Safety Officer Network Meetings

Safety Officer Networking Meetings!!!

It's that time again!

Safety Officer Networking Meetings have been growing by leaps and bounds. Why? Simply put...**Y-O-U**!! Thank you to every attendee, presenter, and facilitator. Without your input, feedback, time, and talent, SONMs would not be a thriving success.

The last set of meetings covered all facets of Emergency Management, Planning, & Preparedness thanks to the efforts of presenters from **VPSTC, VDEM, ODU, VA Tech, & VDFP**.

Mark your calendars and share with others, the **NEXT ROUND of MEETINGS** are ready to go! We have also added a **NEW LOCATION** so you now have four location options. Topics and speakers this time will address Vehicle Safety concerns.

Safety Officer Networking Meetings are designed to assist you with improving your knowledge, skills, and abilities while connecting you to other safety personnel in and around your area. These meetings will include activities such as **"What Would You Do?"** scenarios that will help you to apply safety concepts in real life situations. They will also include:

- Drive Smart VA Speakers and Resources
- General Safety News and Updates
- Workers' Compensation Claims Review
- Topics Presented by COV Safety Peers

*Do you know others that would benefit from this info?
Bring them to the next round of meetings!*

Register for the meeting of your choice here:
